

NASC SG4:05 (appendix A), TG20:08 & Practical SCAFFSTEP™ Application Course Specification

Duration: 1/2 day

Attendees: Directors, Managers, Supervisors, Safety Advisers, Scaffolders and anyone with a responsibility for the management of collective fall prevention to SG4:05 (Appendix A) using the SCAFFSTEP™ within scaffolding operations to TG20:08 specification.

Objectives: To give the attendees such knowledge as to enable them to understand the requirements of the NASC Guidance Documents and the practical application of the SCAFFSTEP™. Includes the NASC approved Toolbox Talk on TG20:08 to ensure that delegates understand the broader issues of TG20:08 and the requirements for design input for non standard scaffolds.

Content:

- Overview of the Work at Height Regulations
- SG4 Appendix A – Collective Fall Prevention Systems in Scaffolding
- Current practical applications within the scaffolding industry
- Overview of available technology
- Video of Step System
- Overview of TG20: 08 and delivery of NASC Toolbox Talk
- Issue of NASC TG20:08 Toolbox Talk document
- Presentation of safe working system of SCAFFSTEP™
- Practical instruction and use of the SCAFFSTEP™
- Question Paper

Certification: Safety and Access Ltd certificate of training

Note: This course is recognised by COMBISAFE, manufacturers of the SCAFFSTEP™ (Patent Pending)
